POTHOLE FILLING

Volunteers Needed

We are trying something different this year, pothole filling materials (cold patch/asphalt/tampers/shovels) will be placed at the mail house, to allow easy access for community members to volunteer when their schedule allows. Board members will be filling potholes Thursday and Friday at various times, please come out and join us or grab some materials when you have free time to fill a few potholes.

We apologize for the short notice, we had an unexpected delay in material delivery last weekend and we wanted to try and get some potholes fixed prior to the rain this weekend as well as the Mother's Day Holiday.
